

Community Integrator™

For communities that want a flexible and affordable website, Community Integrator™ is a website product that delivers a *dynamic information system* where you can create and maintain your website information through a secure online easy-to-learn interface.

Unlike traditional websites that can be expensive and take weeks to deliver, Community Integrator™ is implemented quickly for a low monthly rate.

Easy to learn.

Easy to maintain.

Easily affordable.

Key Features

- **Business Module** provides business owners with a login to maintain their own webpage.
 - Business Description and Photo
 - Contact Information with Store Hours
